Kaj naj rečem? Dal sem vse od sebe, se držal načrta, napadel na strmini med Primožem in Pasjimi pečmi, na koncu pa zadel v mraz in meglo, kjer je šlo samo še za preživetje. Na dosegu je bila uvrstitev med 15, ampak okej, vzamem tudi 18. mesto. Navsezadnje je to moja najboljša uvrstitev med člani doslej (predtem sem leta 2017 osvojil 41. mesto)... 🍌🍌

Kar me še posebej veseli, je, da mi je to prvenstvo dalo nov zagon za naprej. Po enoletni pavzi zaradi poškodbe sem s tem nastopom prišel do spoznanja, da sem lahko zraven, če kontinuirano, kvalitetno in pametno treniram. Tu mi je velik zgled **Lucija Krkoč**, ki ji še na tem mestu voščim hitro okrevanje. S tem, kako si sprejela poškodbo pa si tako ali tako zame prvakinja! 🙌🙌

Hvala navijačem ob progi. Še posebej tistim najmlajšim, ki bi morali biti v šoli. Pričarali ste res krasno vzdušje, ki čustvenemu človeku 😊, kot sem sam, pride do srca ❤️ (na trenutke sem pomislil, če ne morda tekmujem na kaki etapi Toura). Danes je bilo najlepše na svetu biti oblečen v dres slovenske reprezentance! 🇸🇮

Evropsko prvenstvo v gorskem teku je velik športni dogodek. Nas je bilo kar nekaj, ki smo se povzpeli in vzpodbujali tekače. A najboljši navijači so bili učenci Osnovne šole Stranje, zato vsa pohvala vodstvu in učiteljem, ki so se odločili za športni dan in se kljub deževnemu dnevu povzpeli vse do Sv. Primoža. Tam so pozdravljali, vzpodbujali in navijali za vse tekače in izvabili mnogo nasmehov na obrazih izmučenih tekačev 🍌
